

RUBAIYA KHAN JERIN

FULL-STACK DEVELOPER

📍 Dhaka, Bangladesh | 📞 +8801618-758208 | ✉ jerinrubaiyakhan11@gmail.com

🔗 Portfolio |  [LinkedIn](#) |  [GitHub](#)

SUMMARY

Full-Stack Developer skilled in MERN Stack and Next.js, Three.js building fast, responsive web applications with scalable backend systems. Experienced in RESTful APIs, CI/CD pipelines, and mobile-first development with a strong focus on performance, security, and clean UI/UX. Currently seeking full-time or remote or hybrid roles while completing my BSc in CSE.

CORE COMPETENCIES

Full-Stack Development:

- Comfortably handling everything from the user interface down to the database, ensuring web apps run smoothly.

UI/UX & 3D Web Elements:

- Combining clean grid layouts with custom animations and 3D features to build unique, engaging websites.

Security & Logins:

- Building solid walls around private data by setting up reliable user logins and secure server routes.

Automation & Deployment:

- Setting up continuous integration routines so changes are automatically tested and pushed live without breaking things.

TECHNICAL SKILLS

- **Front-End:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Three.js, Tailwind CSS, React Router DOM
- **Back-End:** Node.js, Express.js, MongoDB, Mongoose, RESTful APIs, JWT Authentication, bcrypt, dotenv, Multer, CORS, validator
- **Tools & DevOps:** GitHub, Postman, Cloudinary, nodemon, axios, Email.js
- **Other Skills:** Responsive Web Design, API Integration, File Uploads, Problem Solving
- **Soft Skills:** Communication, Time Management, Adaptability, Continuous Learning

PROJECTS

Zephyra | Full-Stack E-Commerce Platform

🔗 [Live Link](#)

MERN Stack, Tailwind CSS, Cloudinary

- Built a complete clothing brand platform with a custom admin dashboard for managing products and orders in real time.
- Improved the shopping experience with a smooth Add to Cart and checkout flow featuring instant UI updates.

- Secured user accounts and admin access using JWT authentication and bcrypt password encryption.
- Integrated Multer and Cloudinary for efficient image upload, storage, and delivery.

EduNest | Professional Learning Management System (LMS)

[🔗 Live Link](#)

Next.js, MongoDB, Vercel

- Architected a full LMS platform for professional learning and course management.
- Designed a clean and user-friendly interface to make navigation simple for both students and instructors.
- Developed the backend system for smooth course delivery, authentication, and progress tracking.
- Implemented separate dashboards for instructors to manage courses, students, and learning content efficiently.

Muslima | Cross-Platform Android Application (Offline App)

[🔗 Live Link](#)

Flutter, Dart, Android SDK

- Designed this mobile app to work completely offline using Flutter for native Android deployment and optimized performance for fluid user experience.
- Implemented modular state management and managed local assets efficiently for scalable development.

EDUCATION

Bachelor of Science in Computer Science and Engineering

Shaikh Burhanuddin Post Graduate College

Aug 2025 - Present

Expected Graduation: 2029

ADDITIONAL INFORMATION

- **Languages:** English (Fluent), Bangla (Native)
- **Certifications:** Master React, Redux and Next.js: The Practical Course
